

INSTRUCTIONS

Step 1

Choose **Same Prescription** or **New Prescription**.

Step 2

Single Vision = Same prescription throughout the lens
Bifocals = Correction for both Reading and Distance
Trifocals = Correction for Reading, Distance, and Intermediate
Progressives = No-line Bifocals (invisible bifocals) such as Carl Zeiss® Lenses.

Step 3 - Lens Materials Available

Standard Plastic = Plastic
Thin Plastic = Thin Lighter Polycarbonate or 1.60 Index
Thinner Plastic = High Index Plastic 1.66 Index
Transitions® = (Plastic) Clear Indoors & Dark Outdoors - Tint is automatically activated
Polarized Plastic = Reduces glare and reflections (gray tint)
Thin Transitions® = Thin and Transitions® combined

Step 4 - Lens Enhancement Packages

Standard Package includes scratch coating and ultra-violet protective coating.
Deluxe Package includes Carl Zeiss® Anti-Reflective coatings plus Standard Package above.

Step 5 - Tints and Sunglasses

Match Existing Tint = We will duplicate your existing tint
Add Tint = Write in your color of choice. If you want dark sunglass tint, write in either 80% Gray or 80% Brown.
Mirror = Cool fashionable Mirror Sunglass coatings.

Step 6 - 1 year Warranty - If your lenses are scratched (normal wear and tear), we will replace them at 50% of your original price. (Must select standard or deluxe in Step 4 above)

Step 7

Standard = First Class Mail with delivery confirmation
Express = Express Mail

Send us Your Eyeglasses

The glasses you send must be yours so we can obtain your correct optical measurements and prescription.

Add up your **Total** and send us:

1. Your **Eyeglasses**
2. Your completed **Order Form**
3. Your **New Prescription** if you have one, and
4. Your **Payment** or **Credit Card Information**.

Wrap your eyeglasses in a small eyeglass size box that is available at the U.S. Post Office.

PMB 307 • 4465 E. Genesee St. • DeWitt, NY 13214-2253
1-888-EYE-REPLACE

Send us your glasses by mail and we will
replace your old lenses with new ones!

Yes, it really is that easy!

- When we receive your eyeglasses at our lens factory, our licensed Opticians will analyze your eyeglasses and obtain your prescription and all of your optical measurements from your old lenses. This will give us all the information we need to manufacture your new lenses. For new prescriptions, please enclose your prescription.

- We will replace your lenses with the same high quality brand name that you currently wear. (Carl Zeiss® Lenses and A-R Coatings, Transitions® and SunSensor® lenses)

- You must send us your own current frame (lenses included) as we can only obtain your optical measurements from your own personal frame. (pupillary distance and/or bifocal height)

Note: We can not make your lenses if you are changing from one lens type to another (i.e. single vision to bifocal, bifocal to progressive, etc...) because we will be unable to obtain the correct bifocal height.

IMPORTANT:

1. We are not responsible for eyeglasses that are lost or damaged during shipping.
2. We do not provide eyeglass lenses made of glass materials. We only provide lenses made of plastic, polycarbonate, and high-index plastic materials.
3. It takes approximately 5 to 7 days to manufacture your eyeglass lenses.
4. We are not responsible for damaged, cracked, or old frames that may break during processing.

Transitions®, Zeiss®, and SunSensor® are registered trademarks of Transitions Optical, Inc., Carl Zeiss Optical, Inc., and Corning, Inc., respectively.
